rev. 10.16

At Sirna's Pizzeria every pie is hand pressed. We make all of our pies to order using premium, fresh and local ingredients. This means our sausage and bacon are family recipes. The tomatoes are picked from our farm, when in season, and our herbs are from local growers. Using these high quality items, a made from scratch sauce, and cooking each pie with care in our stone oven, creates a crispy, slightly chewy and always LOCAL-icious pie!

We, at Sirna's, take pride in our work and value any comments, concerns or general feedback from our customers. Please feel free to seek us out or email us at [info@sirnaspizza.com](mailto:info@sirnaspizza.com). And thank you again for supporting local! -The Sirna Family
